Subject: Training programme for B.Pharmacy Students (B.Pharma) of various Colleges under PCI reg.

Madam,

The graduate of pharmacy courses are responsible to carry out safety and efficacy of products, which at many a time requires use of Lab Animals (i.e., in-vivo tests). National Institute of Animal Welfare (NIAW), Ballabgarh conducts various courses for professionals from various walks. During this programme, the students are exposed to various aspects of Animal Welfare, Cruelty of Animals, CPCSEA, AWBI Large and Small animal facilities through elite speakers of eminence in their field of expertise. A draft programme is being enclosed for reference please.

You are therefore requested to give a wide circulation among different Pharmacy colleges/Institution and encourage them to come forward to nominate students for future programmes to be held from August, 2013 onwards.

This will enable us to further schedule and organize at our end.

During the programme NIAW will be providing free boarding and lodging. A nominal fee of Rs 100/- is charged as Registration fee.

1-3 JUL 2013

Yours sincerely,

(Anjani Kumar)
Director
