Sir/Madam

This is continuation of PCI letters/instructions referred to above to update the students data on Council's website. It has been noted that inspite of repeated pursuance the same is not yet uploaded on Council's website by some of the pharmacy institutions.

In this connection, please note that 101 CC of the PCI in its meeting held in April, 2017 has decided to publish an advertisement in leading newspapers -

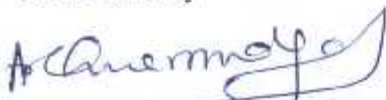

- a) advising prospective students to verify the approval status of the institution from Council's website www.pci.nic.in before taking admission.
- b) intimating the students that institutions are required to upload the students details on Council's website. In view of it, the students who have already taken admission shall refer to said data uploaded by the institution.

The said advertisement is going to be published in the leading newspapers very soon.

In view of above, institutions are again advised to upload the students' details on Council's website immediately without any fail.

Please note that in the event of failure of the institutions to upload the students details on Council's website, the students may not be registered by the State Pharmacy Councils as the State Pharmacy Councils will also be referring to the said data for the purpose of registrations.

Yours faithfully

(ARCHANA MUDGAL)
Registrar-cum-Secretary
