Sub: Pharmacy Teaching staff working at more than places.

Sir/Madam,

With reference to the subject cited above, I am directed to inform that Executive Committee of the PCI in its meeting held in Oct, 2010 observed that in some cases, persons working in industry/sales/any other department/overseas etc. give their name as Principal/HOD/teaching faculty in pharmacy institutions which is not permissible.

In view of above, it was decided -

- A) to instruct all pharmacy institutions to bring to the notice of its teaching faculty that-
 - a) having signed the PCI "Staff Declaration Form" will be construed as a declaration of the teaching faculty that he/she is not working at any other place simultaneously and is a full time employee of the said pharmacy institution.
 - b) in case it is established that the teaching faculty working in the pharmacy institution is also working simultaneously in industry/sales/other pharmacy institutions/any other department/overseas etc. and the said person has intentionally given his/her name at more than 2 places, PCI will initiate the action by approaching the concerned competent authorities in the matter like -
 - i) Central/State Drugs Control Deptts. for action under the Drugs & Cosmetics Act, 1940, if the person is simultaneously working in industry.
 - ii) Ministry of External Affairs, if the person is simultaneously working overseas.
 - iii) concerned State Pharmacy Council for deletion of name from Pharmacist Registration Register.

..2..

B) To initiate action against pharmacy institution under the Pharmacy Act, 1948 for withdrawal of approval if its teaching staff is working simultaneously at more than one place.

This is for necessary action & strict compliance.

Yours faithfully

-sd-
