Sir/Madam,

With reference to the subject cited above, it is intimated that while submitting Pharmacy Education Regulatory Charges, if, any transactions get failed due to network issues like amount got deducted but transaction was not successful, please wait for 30 minutes so that a button against your transaction will be enabled then click on that button to check the current transaction status. Without checking that please do not proceed to do any other transaction. It is like double verification of any failed transactions.

Yours faithfully

(HARVINDER KAUR)
Accounts Officer
