Sir/Madam

With reference to the subject cited above, it is informed that subject cited issue was considered by 332nd Executive Committee of the PCI in its meeting held in September, 2020, which noted that -

- TeachGlobal is an online personalised learning app with Audio-Visual lectures done by Professionals for B.Pharm, Pharm.D and Pharm.D (Post Baccalaureate).
- TeachGlobal will be giving free access to first 20,000 students for two months with limited access of content across the country keeping in view of the COVID-19 situation.

As a digital initiative by PCI, it was decided that institutions may avail this opportunity to help institutions to reinforce and cope up in this pandemic as well as has the advantage of knowledge of the events and placements links which are useful for students if they so desire.
