MESSAGE

I am very pleased to learn that the Pharmacy Council of India (PCI) is organizing the annual Pharmacists Day with the theme "From research to healthcare: Your pharmacist is at your service" on 25th September, 2017 at New Delhi.

I am happy to know that event will have stalwarts from the field of Pharmacy and will be attended by delegates from across the country. I am hopeful that the Conference will provide a platform to the participants to exchange and share their expertise and experience so as to update their knowledge, identify the upcoming challenges of the industry and ponder over the possible solutions.

Felicitations to the Pharmacy Council of India (PCI) for their years of service. I wish success to the council and its members who have contributed significantly to its growth as well as the pharmaceutical industry. I congratulate the organizers and the participants of the event and extend my best wishes for its success.
